INDEPENDENT AUDITOR'S REPORT

Board of Directors Harris County Municipal Utility District No. 217 Harris County, Texas

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Harris County Municipal Utility District No. 217 (the "District") as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the Water District Financial Management Guide is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide an assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

January 25, 2024

Management's discussion and analysis of Harris County Municipal Utility District No. 217's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended September 30, 2023. Please read it in conjunction with the District's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective like that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all the District's assets, liabilities and, if applicable, deferred inflows and outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of the Activities reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund financial statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Fund Statement of Revenues, Expenditures and Changes in the Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO FINANCIAL STATEMENTS

The accompanying notes to financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI") and other supplementary information. The budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets exceeded liabilities by \$7,462,473 as of September 30, 2023.

A portion of the District's net position reflects its net investment in capital assets (land, buildings, parks and equipment as well as water, wastewater and drainage facilities less any debt used to acquire those assets that is still outstanding).

The following is a comparative analysis of government-wide changes in net position:

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of September 30, 2023, were \$4,781,617, a decrease of \$85,452 from the prior year.

The General Fund fund balance decreased by \$211,921, primarily due to current year operating costs exceeding current year property tax revenues and service revenues.

The Debt Service Fund fund balance increased by \$84,899, primarily due to the structure of the District's debt service requirements.

The Capital Projects Fund fund balance increased by \$41,570, primarily due to the receipt of investment earnings during the year.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors adopted an unappropriated budget for the General Fund during the current fiscal year. Actual revenues were \$164,891 more than budgeted revenues, actual expenditures were \$2,713 less than budgeted expenditures and actual transfers out were \$380,000 resulting in a negative variance of \$212,396. See the budget to actual comparison for more information.

CAPITAL ASSETS

Capital assets as of September 30, 2023, total \$5,802,579 (net of accumulated depreciation) and include land, buildings, parks and equipment as well as the water, wastewater and drainage systems.

Capital Assets At Year	r-End	, Net of Accum	nulate	d Depreciation

Total Net Capital Assets	\$	5,802,579	\$	5,811,045	\$	(8,466)	

Additional information on the District's capital assets can be found in Note 6.

LONG-TERM DEBT ACTIVITY

At the end of the current fiscal year, the District had total long-term debt payable of \$3,170,000.

The changes in the debt position of the District during the fiscal year ended September 30, 2023, are summarized as follows:

Bond Debt Payable, October 1, 2022	\$ 3,810,000		
Less: Bond Principal Paid	 640,000		
Bond Debt Payable, September 30, 2023	\$ 3,170,000		

The District's Series 2020 bonds carry an underlying rating of "BBB" and carry an insured rating of "AA" by virtue of bond insurance issued by Assured Guaranty Municipal Corp. The Series 2012 Refunding, Series 2012-A Refunding and Series 2014 Refunding bonds are not rated.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Harris County Municipal Utility District No. 217, c/o Mitchell & Zientek, LLP, 24624 Interstate 45 N., Suite 200, The Woodlands, Texas 77386.

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 217 RECONCILIATION OF THE GOVERNMENTAL FUND STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED SEPTEMBER 30, 2023

Net Change in Fund Balances - Governmental Funds	\$ (85,452)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenues when collected. However, in the government-wide	>
financial statements, revenues are recorded in the accounting period for which the taxes are levied.	8,584
Governmental funds report penalty and interest revenues on property taxes when collected. However, in the government-wide financial statements, revenues are recorded when the	
penalty and interest are assessed.	3,683
Governmental funds do not account for depreciation. However, in the government-wide	
financial statements, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.	(330,241)
Governmental funds report capital asset costs as expenditures in the period purchased.	
However, in the government-wide financial statements, capital assets are increased by new purchases that meet the District's threshold for capitalization, and are owned and maintained	
by the District. All other capital asset purchases are expensed in the Statement of Activities.	321,775
Governmental funds report principal payments on long-term debt as expenditures. However,	
in the government-wide financial statements, principal payments decrease long-term liabilities and the Statement of Activities is not affected.	640,000
Governmental funds report interest payments on long-term debt as expenditures in the year	,
paid. However, in the government-wide financial statements, interest is accrued on the debt	
through fiscal year-end.	7,407
Change in Net Position - Governmental Activities	\$ 565,756

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2023

NOTE 1. CREATION OF DISTRICT

Harris County Municipal Utility District No. 217, located in Harris County, Texas (the "District"), was created by an order of the Texas Water Rights Commission, presently known as the Texas Commission on Environmental Quality (the "Commission"), effective June 24, 1981. Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, wastewater service, storm sewer drainage, irrigation, solid waste collection and disposal, including recycling, and to construct and maintain parks and recreational facilities for the residents of the District. The District is also empowered to contract for or employ its own peace officers with powers to make arrests and to establish, operate and maintain a fire department to perform all fire-fighting activities within the District. The Board of Directors held its first meeting on July 10, 1981, and the first bonds were sold on May 17, 1983.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board ("GASB"). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District's financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting ("GASB Codification").

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2023

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Financial Statement Presentation</u> (Continued)

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- * Net Investment in Capital Assets This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- * Restricted Net Position This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- * Unrestricted Net Position This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2023

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-Wide Financial Statements (Continued)

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenues and expenses in the government-wide Statement of Activities.

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Governmental Funds Balance Sheet and a Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds

The District has three governmental funds and considers these funds to be major funds.

<u>General Fund</u> - To account for resources not required to be accounted for in another fund, customer service revenues, costs and general expenditures.

<u>Debt Service Fund</u> - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

<u>Capital Projects Fund</u> – To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenues reported in governmental funds to be available if they are collectable within 60 days after year-end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2023

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

Property taxes considered available by the District and included in revenues include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred inflows of resources related to property tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis. The Debt Service Fund (Tax Account) owes the General Fund \$23,328 for maintenance tax collections. The General Fund transferred \$380,000 to the Debt Service Fund for debt service obligations.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as an expenditure in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost of \$5,000 or more and a useful life of at least two years. Depreciation is calculated on each class of depreciable property using no salvage value and the straight-line method of depreciation. Estimated useful lives are as follows:

	Years
Buildings	40
Water System	10-45
Wastewater System	10-45
Drainage System	10-45
All Other Equipment	3-20

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2023

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgeting

An annual unappropriated budget is adopted for the General Fund by the District's Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the original and revised budget amounts, if revised, compared to the actual amounts of revenues and expenditures for the current year.

Pensions

The District has not established a pension plan as the District does not have employees. The Internal Revenue Service has determined that fees of office received by Directors are wages subject to federal income tax withholding for payroll tax purposes only.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets, liabilities, and deferred inflows and outflows of resources associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Governmental Funds Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2023

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus (Continued)

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District does not have any assigned fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. LONG-TERM DEBT

General Bonds and Direct Placement Bonds

	Series 2014 Refunding	Series 2020
Amount Outstanding – September 30, 2023	\$ 720,000	\$ 2,450,000
Interest Rates	2.26%	2.00%-3.00%
Maturity Dates — Beginning/Ending	April 1, 2024/2024	April 1, 2025/2048
Interest Payment Dates	October 1/April 1	October 1/April 1
Callable Dates	Any Scheduled	April 1, 2025*
\	Interest Payment Date	

^{*} Or any date thereafter, at the option of the District, in whole or in part, callable at par plus accrued interest to the date of redemption. The Series 2014 term bonds maturing April 1, 2024 are subject to mandatory redemption beginning April 1, 2015 respectively. The Series 2020 term bonds maturing April 1, 2032, 2034, 2036, 2038, 2040, 2044, and 2048 are subject to mandatory redemption beginning April 1, 2031, 2033, 2035, 2037, 2039, 2041, and 2045.

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2023

NOTE 3. LONG-TERM DEBT (Continued)

The following is a summary of transactions regarding bonds payable for the year ended September 30, 2023:

	C	October 1,					September 30,
		2022	A	Additions	Re	tirements	2023
Bonds Payable	\$	3,810,000	\$	-0-	\$	640,000	\$ 3,170,000
							\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\
			Amo	unt Due W	ithin One	Year	\$ 720,000
			Amo	unt Due Af	fter One Y	ear ear	2,450,000
			Bond	ls Payable			\$ 3,170,000

As of September 30, 2023, the District had authorized but unissued bonds in the amount of \$3,750,000 for utility facilities, \$6,735,000 for refunding bonds and \$160,000 for parks and recreational facilities.

As of September 30, 2023, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	Principal	al Interest		Total
2024	\$ 720,000	79,022	\$	799,022
2025	75,000	62,750		137,750
2026	75,000	61,250		136,250
2027	75,000	59,750		134,750
2028	75,000	58,250		133,250
2029-2033	450,000	266,875		716,875
2034-2038	500,000	212,875		712,875
2039-2043	575,000	146,625		721,625
2044-2048	625,000	56,250		681,250
	\$ 3,170,000	1,003,647	\$	4,173,647

The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount.

During the year ended September 30, 2023, the District levied an ad valorem debt service tax at the rate of \$0.28 per \$100 of assessed valuation, which resulted in a tax levy of \$447,541 on the adjusted taxable valuation of \$159,835,956 for the 2022 tax year. The bond orders require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 7 for maintenance tax levies.

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2023

NOTE 3. LONG-TERM DEBT (Continued)

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

NOTE 4. SIGNIFICANT BOND ORDER AND LEGAL REQUIREMENTS

- A. The bond orders state that the District is required to provide annually to the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access System ("EMMA") continuing disclosure of financial information and operating data with respect to the District of the general type included in the annual audit report and the final Official Statement for the bonds. This information must be filed within six months after the end of each fiscal year of the District.
- B. The District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the bonds, within the meaning of section 148(f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on each 5th year anniversary of each issue.

NOTE 5. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year-end, the carrying amount of the District's deposits was \$129,168 and the bank balance was \$234,691. The bank balance was fully covered by federal depository insurance.

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2023

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

<u>Deposits</u> (Continued)

The carrying value of the deposits is included in the Governmental Funds Balance Sheet and the Statement of Net Position at September 30, 2023, as listed below:

	Cash
GENERAL FUND	\$ 100,046
DEBT SERVICE FUND	28,127
CAPITAL PROJECTS FUND	 995
TOTAL DEPOSITS	\$ 129,168

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in TexPool, an external investment pool that is not SEC-registered. The Texas Comptroller of Public Accounts has oversight of the pool. Federated Investors, Inc. manages the daily operations of the pool under a contract with the Comptroller. TexPool measures all its portfolio assets at amortized cost. As a result, the District also measures its investments in TexPool at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from TexPool.

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2023

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

<u>Investments</u> (Continued)

The District also invests in Texas Cooperative Liquid Assets Securities System Trust ("Texas CLASS"), an external public funds investment pool that is not SEC-registered. Public Trust Advisors, LLC serves as the pool's administrator and investment advisor. The pool is subject to the general supervision of the Board of Trustees and its Advisory Board. UMB Bank, N.A. serves as custodian for the pool. Investments held by Texas CLASS are priced to market on a weekly basis. The investments are considered to be Level I investments because their fair value is measured by quoted prices in active markets. The fair value of the District's position in the pool is the same as the value of the pool shares. There are no limitations or restrictions on withdrawals from Texas CLASS.

As of September 30, 2023, the District had the following investments and maturities:

		Maturities in Years					
Fund and		Less Than			More Than		
Investment Type	Fair Value	1	1-5	6-10	10		
GENERAL FUND							
TexPool	\$3,471,124	\$3,471,124	\$	\$	\$		
DEBT SERVICE FUND		^ ()					
TexPool	224,321	224,321					
CAPITAL PROJECTS FUN	<u>VD</u>						
Texas CLASS	988,632	988,632					
TOTAL INVESTMENTS	\$4,684,077	\$4,684,077	\$ -0-	\$ -0-	\$ -0-		

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At September 30, 2023, the District's investments in TexPool and Texas CLASS were rated "AAAm" by Standard and Poor's.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investments in TexPool and Texas CLASS to have a maturity of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the District, unless there has been a significant change in value.

Restrictions

All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the costs of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2023

The District has financed drainage facilities which have been conveyed to other entities for maintenance.

NOTE 7. MAINTENANCE TAX

On August 8, 1981, the voters of the District approved the levy and collection of a maintenance tax not to exceed \$0.50 per \$100 of assessed valuation of taxable property within the District. During the year ended September 30, 2023, the District levied an ad valorem maintenance tax at the rate of \$0.50 per \$100 of assessed valuation, which resulted in a tax levy of \$799,180 on the adjusted taxable valuation of \$159,835,956 for the 2022 tax year. This maintenance tax is to be used by the General Fund to pay expenditures of operating the District's waterworks and sanitary sewer system.

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2023

NOTE 7. MAINTENANCE TAX (Continued)

At an election held in the District on February 7, 2004, the voters authorized an ad valorem tax not to exceed \$0.10 per \$100 of assessed valuation for parks and recreational facilities. During the year ended September 30, 2023, the District levied an ad valorem maintenance tax at the rate of \$0.10 per \$100 of assessed valuation, which resulted in a tax levy of \$159,836 on the adjusted taxable valuation of \$159,835,956 for the 2022 tax year. This parks and recreation facilities tax is to be used by the General Fund to pay expenditures of operating the District's parks and recreation facilities.

NOTE 8. JOINT VENTURE FOR WASTE DISPOSAL

On April 15, 1981, the District's developer entered into a waste disposal contract with Harris County Municipal Utility District No. 150 ("District No. 150") which extends for a term of 40 years. The contract was assigned to the District on December 27, 1983. Under the terms of project contract, the districts share both construction and operating costs on a pro-rata basis using gallons-per-day ("gpd") of capacity acquired as the determining factor. Construction of the 1,300,000 gpd plant was completed in March 1982. A rehabilitation/plant upgrade project was completed in 2005 and increased the capacity to 1,640,000 gpd. The District's proportionate share of the 1,640,000-capacity plant is 13.71% or 224,844 gallons-per-day.

District No. 150 operates the plant and invoices the District monthly for its share of operating costs based on ownership. The District incurred operating costs of \$84,865 for the current fiscal year and maintained an operating reserve of \$15,488.

The following summary financial data on the plant is presented for the fiscal year ended April 30, 2023. Separate financial statements are not issued on the plant.

NOTE 9. CONTRACTS WITH OTHER DISTRICTS

Harris County Municipal Utility District No. 5

On September 15, 1982, the District entered into an agreement with Harris County Municipal Utility District No. 5 ("District No. 5") to provide both temporary and emergency water supply services. This contract was amended and restated on January 1, 2015. All necessary costs of connection were borne by the District. The supplying district may receive payment in kind or in dollars. If paid in dollars, the charge for emergency water services is the surface water rate established by the Central Harris County Regional Water Authority per 1,000 gallons of water delivered. The term of this contract is 35 years.

Harris County Municipal Utility District No. 304

On August 24, 2000, the District and Harris County Municipal Utility District No. 304 ("District No. 304") entered into an emergency water supply contract. The interconnect facilities for District No. 304 will be constructed and paid for by District No. 304. The price to be paid for water furnished under the agreement will be the resupply of water in kind. If the water cannot be repaid in kind within two years, the water may be paid for at a rate of \$0.75 per 1,000 gallons of water used. The term of the agreement is 50 years.

NOTE 10. CENTRAL HARRIS COUNTY REGIONAL WATER AUTHORITY

On December 13, 2002, the District, Fallbrook Utility District, Harris County Municipal Utility District No. 33 ("District No. 33"), Harris County Municipal Utility District No. 150, Harris County Municipal Utility District No. 200, Harris County Municipal Utility District No. 205, Harris County Municipal Utility District No. 215, Harris County Municipal Utility District No. 304, Harris County Utility District No. 16, and Rankin Road West Municipal Utility District entered into a water consortium agreement and formed the Central Harris County Water Users Consortium (the "Consortium"). In October of 2004, the agreement was amended to include Harris County Municipal Utility District No. 399.

Effective June 17, 2005, the Central Harris County Regional Water Authority (the "Authority") was created to assume the duties of the Consortium. The Authority was created under Article 16, Section 59 of the Texas Constitution by House Bill 3181, as passed by the Seventy-ninth Texas Legislature. The Authority encompasses essentially the same entities as the Consortium. The Consortium assigned its agreements and transferred its assets to the Authority. The purpose of the Authority is to assure that its participants comply with the Harris-Galveston Subsidence District ("HGSD") pumpage requirements, which mandate that districts within HGSD boundaries, including the District, convert a percentage of their water use to surface water over a period of time.

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2023

NOTE 10. CENTRAL HARRIS COUNTY REGIONAL WATER AUTHORITY (Continued)

The Authority charges a fee, based on the amount of water pumped from a well, to the owner of wells located within the boundaries of the Authority, unless exempted, and also charges for surface water supplied to member districts. This fee enables the Authority to fulfill its purpose and regulatory functions and is subject to change at any time by the Authority. The current rate is \$3.60 per 1,000 gallons of water pumped from each well. The District recorded an expenditure of \$238,677 for water received from the Authority during the current fiscal year.

NOTE 11. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The District carries commercial insurance for its fidelity bonds and participates in the Texas Municipal League Intergovernmental Risk Pool (TML) to provide property, general liability, automobile liability, pollution liability, law enforcement liability, boiler and machinery, errors and omissions and workers compensation coverage. The District, along with other participating entities, contributes annual amounts determined by TML's management. As claims arise they are submitted and paid by TML. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

Notes:	No Director has any business or family relationships (as defined by the Texas Water Code) with major
	landowners in the District, with the District's developers or with any of the District's consultants.

Submission date of most recent District Registration Form: ______.

The limit on Fees of Office that a Director may receive during a fiscal year is \$7,200 as set by Board Resolution (TWC Section 49.060) on May 25, 2004. Fees of Office are the amounts paid to a Director during the District's current fiscal year.
